DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue.

Claims 22-35 directed to non-elected invention have been canceled as authorized by the Applicants' Attorney, Ms. Moore, on 04/18/2005.

2. The following is an examiner's statement of reasons for allowance: the prior art reference has failed to disclose or suggest an over-the-wire interlock attachment/detachment mechanism for a medical implant comprising a male locking body member having a forward end, a flexible locking support having a locking member formed thereon which extends from the forward end of said male locking body member, said flexible locking support, when unrestrained, extending laterally and angularly outward from said male locking body member, and a female lock receiving body member for receiving said locking member, said female lock receiving body member having a first body end and being formed with an indented portion adjacent to said first body end to receive and engage said locking member; wherein one of said male locking body member and said female lock receiving body member comprises an alignment extension while the other comprises an extension receiving cutout and spacer sections which terminate in inclined outer end surfaces, the alignment extension and the cutout
